

# Wavo

*The Vloggers Choice for their first Microphone*  
JB01675-BWW

A superior quality mic that a vlogger should have. A video mic that fit both on a phone rig with cold shoe on top of a camera. It replaces basic quality internal mic that records audio from different directions including surrounding noise.

Wavo is a unidirectional, high quality and shock-isolated mic that focus to Vlogger's voice. Super Cardioid polar pattern focus on vlogger's voice from the crowd. The Rycote® Duo-Lyre® shock mount reduces handling noise. The foam reduces some wind noise.

## Materials
