

CINEPEER

CINEPEER CQ5

Best Choice for Portable Stabilizer

Voice Control · AI Tracking · Good Price

Designed by ZHIYUN

What is CINEPEER?

ZHIYUN follows the principle of "simple names for better products." The affordable CINEPEER series is named with meaningful implications. "CINE" stands for "cinema" and "PEER" means "partner," highlighting its role as your companion in video creation.

ZHIYUN's products emphasize branding and innovation, leading to advanced designs and excellent craftsmanship, but their prices are relatively high. The CINEPEER series, however, maintains ZHIYUN's core performance with excellent quality and exceptional affordability. It meets the needs of more users, allowing more enthusiasts to experience the joy of easy creation.

Future Vision Of CINEPEER

We aim for every creator to create effortlessly, transforming technology from a barrier into a bridge for creativity. Our goal is for users to find joy and satisfaction in the creative process. By maintaining high-quality standards, we strive to meet the growing demands for creative production, ensuring that every captured moment is engaging and fun.

Extendable Rod. For Wider Visions.

CQ5

CQ5 is designed with a built-in extension rod, which allows you to effortlessly extend your reach and capture stunning wide-angle shots. Get creative with your shooting angles and unlock a whole new world of photographic possibilities.

Voice Control. Say "Hey Cami" to CQ5.

CQ5

Say "Hey Cami" to activate the intuitive voice assistant to elevate your experience. Now you can command your stabilizer with just a word, freeing up your hands and taking your shooting experience to the next level.

Hey Cami

Start Recording

* The effective range of the voice recognition feature for CQ5 is 3 meters. The voice recognition capability may vary slightly between different devices due to factors such as the usage environment. Please refer to actual usage for the most accurate performance.

Magnetic Lighting. For Quality Footage.

CQ5

CQ5 features magnetic contact points at both ends of the phone clamp free from cumbersome cables. Add an extra fill light to enhance your shots on the fly. Whether you're shooting in low light conditions or just want to add that professional touch, you're always ready to capture stunning, high-quality footage.

*Maximum power of the fill light is 2W, with a peak illuminance of 520 Lux.

*The magnetic fill light requires purchasing the combo version or buying separately.

Introducing AI Tracker

CQ5

The AI tracker can detect hand gestures, allowing for touchless control from a distance. Whether you're vlogging solo or capturing action shots, the tracker acts as your personal camera operator, ensuring smooth, effortless recording even when you're far from the camera.

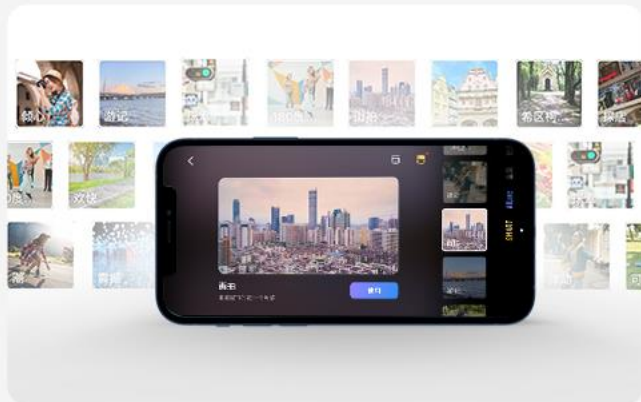

* The AI tracking module needs to be purchased as part of a Combo package or separately.

*The effective recognition distance of the AI tracking module is 3 meters. The recognition capability may vary slightly between different devices due to factors such as the usage environment. Please refer to actual usage for the most accurate performance.

Create Intelligently And Freely with ZY Cami

CQ5

Packed with a variety of ready-to-use shooting templates, ZY Cami turns even beginners into skilled content creators. No film school required, let the app do the work for cinematic, blockbuster-quality results.
