Use as a Bluetooth Speaker

Press to switch to Bluetooth speaker mode and select **Nebula Capsule 3** to connect.

Nebula Connect App

Download the Nebula Connect app for the best projector experience.

Important Safety Instructions

- For pluggable equipment, the socket outlet shall be easily accessible.
- Please ensure that you only use the adapter provided by the manufacturer. Using an unauthorized adapter may be dangerous and violate the Terms of Use and the product warranty.
- Do not use the product in an environment where the temperature is too high or too low. Never expose the product to strong sunshine or wet environments.
- It is recommended to charge the product in an environment with a temperature that ranges from 5°C-25°C / 41°F-77°F.
- When supplying power, place the device in an environment that has normal room temperature and good ventilation.
- Do not use the product in any way other than described herein in order to avoid personal injury or property damage.
- Users should comply with the laws and regulations of the corresponding countries and regions where the equipment is located (used), pay attention to safety obligations, and strictly prohibit the use of our products or equipment for any illegal purposes. Our company will not be responsible for any violators' legal liability under any circumstances.
- Possibly hazardous optical radiation emitted from this product, do not stare at operating beam. Maybe harmful to the eyes.

Warning:

- Replacing a battery with an incorrect type may nullify safeguards and create danger.
- Disposal of the battery/device in a fire, a hot oven, or another source of significant heat, or by mechanically crushing or cutting the battery/device may result in an explosion.
- Leaving the battery/device in an extremely hot environment may result in an explosion or leakage of flammable liquids or gases.
- Subjecting the battery/device to extremely low air pressure may result in an explosion or leakage of flammable liquids or gases.

Attention:

- Le remplacement d'une batterie par un type incorrect peut annuler les protections et créer un danger ;
- La mise au rebut de la batterie/du dispositif dans un feu, un four chaud ou toute autre source de chaleur importante, ou l'écrasement mécanique ou le découpage de la batterie/du dispositif, peut entraîner une explosion ;
- Laisser la batterie/le dispositif dans un environnement extrêmement chaud peut entraîner une explosion ou une fuite de liquides ou de gaz inflammables ;
- La batterie / le dispositif soumis à une pression d'air extrêmement faible peut entraîner une explosion ou une fuite de liquides ou de gaz inflammables.

CAUTION: RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT TYPE. DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS.

ATTENTION RISQUE D'EXPLOSION SI LA BATTERIE EST REMPLACÉE PAR UN TYPE INCORRECT. ÉLIMINER LES BATTERIES USÉES SELON LES INSTRUCTIONS.

Notice (Europe and United Kingdom)

CE This product complies with the radio interference requirements of the European Community.

Declaration of Conformity

Hereby, Anker Innovations Limited declares that this device is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU. For the Declaration of Conformity, visit the Web site <https://uk.seenebula.com/>.

This product complies with the radio interference requirements of the United Kingdom.

The suitable temperature range for the projector and its accessories is 0°C-35°C / 32°F-95°F.

The adapter is for indoor use only. The adapter type is NSA45EE-20022500 with a rated output voltage/current of 5V=3A / 9V=3A/ 12V=3A/ 15V=3A/ 20V=2.25A 45W Max

RF exposure information

The Maximum Permissible Exposure (MPE) level has been calculated based on a distance of d=20 cm between the device and the human body. To maintain compliance with RF exposure requirements, maintain a 20 cm distance between the device and the human body.

Frequency bands and power as below:

Function	Bands	Operation Frequency	Max Power
Bluetooth (Projector)	2.4 GHz	2402-2480 MHz	EIRP 14.49 dBm
Wi-Fi (Projector)	5 GHz	2412-2472 MHz	EIRP 19.89 dBm
		5150-5250 MHz	EIRP 22.49 dBm
		5250-5350 MHz	EIRP 19.67 dBm
		5470-5725 MHz	EIRP 19.83 dBm
Bluetooth (Remote Control)	2.4 GHz	5725-5850 MHz	EIRP 13.44 dBm
		2402-2480 MHz	EIRP 6.31 dBm

5150~5350 MHz can only be used indoors.

Your product is designed and manufactured with high quality materials and components, which can be recycled and reused.

This symbol means the product must not be discarded as household waste, and should be delivered to an appropriate collection facility for recycling. Proper disposal and recycling helps protect natural resources, human health, and the environment. For more information on disposal and recycling of this product, contact your local municipality, disposal service, or the shop where you bought this product.

Notice (United States of America)

FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1)

this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: (1) Reorient or relocate the receiving antenna. (2) Increase the separation between the equipment and receiver. (3) Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. (4) Consult the dealer or an experienced radio/TV technician for help.

FCC Radio Frequency Exposure Statement

(Projector) The device has been evaluated to meet general RF exposure requirements. The device can be used in fixed/mobile exposure conditions. The min separation distance is 20cm.
(Remote Control) According to the Federal Communications Commission (FCC) Radiation Exposure Statement, the device has low power and does not require calculation of RF exposure. This device can be used without restrictions under portable exposure conditions.

Notice: Shielded cables

All connections to other computing devices must be made using shielded cables to maintain compliance with FCC regulations.

The following importer is the responsible party.
Company Name: Fantasia Trading LLC
Address: 5350 Ontario Mills Pkwy, Suite 100, Ontario, CA 91764
Telephone: 1-800-988-7973
5150~5350 MHz can only be used indoors.

Notice (Canada) IC Statement

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

- 1) this device may not cause interference, and
 - 2) this device must accept any interference, including interference that may cause undesired operation of the device.
- Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- 1) l'appareil n'émet pas de brouillage, et
 - 2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
- This Class B digital apparatus complies with Canadian ICES-003.
Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

IC RF Statement

(Projector) When using the product, maintain a distance of 20cm from the body to ensure compliance with RF exposure requirements.
(Télécommande) Lors de l'utilisation du produit, maintenez une distance de 20 cm du corps afin de vous conformer aux exigences en matière d'exposition RF.
(Remote Control) According to the Industry Canada (IC) Radiation on Exposure Statement, the device has low power and does not require calculation of RF exposure. This device can be used without restrictions under portable exposure conditions.

(Télécommande) Selon la déclaration d'Industrie Canada (IC) sur l'exposition aux radiations, l'appareil a une faible puissance et ne nécessite pas de calcul d'exposition aux RF. Cet appareil peut être utilisé sans restrictions dans des conditions d'exposition portables. 5150~5250 MHz can be used indoors only. 5150~5250 MHz peut être utilisé à l'intérieur uniquement.

Nebula Capsule 3 Quick Start Guide

At a Glance

1. Front View

2. Rear View

3. Top View

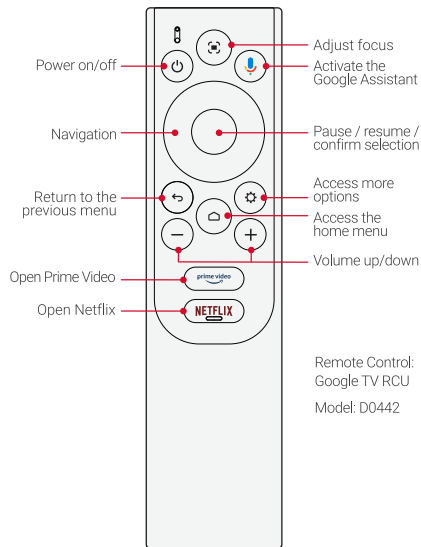

4. Bottom View

Remote Control

1. Overview

2. Prepare the Remote Control

1 Before using for the first time, slide open the battery compartment and install two AAA batteries.

2 To replace the batteries, slide off the battery compartment cover, insert new batteries (matching the polarity +/- as indicated), and close the battery compartment.

Charge Your Projector

Use the included adapter to fully charge the built-in battery before using it for the first time.

Power On

Press and hold for 3 seconds to power on the projector.

Engage Autofocus

- Slightly move the projector to engage autofocus and auto keystone correction.
- Press to engage autofocus.

Adjust Settings

Follow the on-screen instructions to complete the basic setup before using for the first time. Adjust settings in the projector's **Settings** menu if necessary.

Use as a Projector

1. Screen Mirroring

Wirelessly cast movies, games, and music from your phone to Nebula Capsule 3.

- 1 Play a video clip on your phone and tap the cast icon on the video screen.
- 2 Select device **D2425**. The projector will mirror the screen of the connected phone.

2. Play from HDMI Playback Devices

Connect to HDMI playback devices such as a TV box, TV stick, DVD player, set-top box (STB), or games console.

3. Play Through External Sound Devices

Connect to external sound output devices, including headphones and speakers.

4. Play from a USB Drive

Connect to a USB-A drive to enjoy stored music, video, and pictures.
