

# ProTactic BP III

## INTRODUCTION

### Adapt to Every Moment

The ProTactic BP III, the latest generation of LowePro's top selling backpack family, is designed for demanding professional photographers. It offers four access points, including dual side doors for quick access, wide top access for telephoto lenses, and full back access for comprehensive gear organization.

The innovative divider system adapts to changing kits, while MaxFit™ dividers allow precise placement. It features a CradleFit™ laptop pocket, exterior stretch pockets, and a hybrid webbing attach system compatible with SlipLock™ tabs and MOLLE/PALS pouches. The backpack is engineered for comfort with a dual-density ActivZone™ harness, SlideCam sternum strap, and removable padded waistbelt.

Made with up to 86% recycled fabric\*, it ensures durability and longevity, making it a versatile and eco-friendly choice for photographers.
