

ProTactic CS III

INTRODUCTION

Adapt to Every Moment

The ProTactic CS III is a versatile accessory case designed to suit your needs. It features a high-contrast orange lining for easy visibility of smaller items inside. The case attaches to any SlipLock™ compatible bags or belts, including ProTactic III backpacks, and Utility Belt.

Uses up to 87% recycled fabric* by weight, reducing our impact on the environment. These materials go through thorough lab and field testing to ensure they meet our performance and durability requirements. This case is designed for longevity with details like YKK tough zippers, ensuring durability for a reliable case that adapts to your ever-changing needs.
