

ProTactic Lite BP III

Lite BP 150 III

Lite BP 250 III

INTRODUCTION

Adapt to Every Moment

The ProTactic Lite BP III is designed for off-hours photographers. This laptop backpack offers side or top main zone access, a large front stretch pocket, and an expandable side pocket for a water bottle or tripod.

The hybrid webbing attach system accommodates SlipLock™ tabs and MOLLE/PALS pouches, with an All Weather Cover™ for protection. It features a large side door for full interior access, a CradleFit™ laptop sleeve for MacBook Pro, and customizable organization with a highrise divider. The bag is designed to be built out with inserts and organizers, such as GearUp creator and camera boxes or ProTactic Lite SLXs.

Engineered for comfort, it includes a molded EVA back panel, dual-density harness, and SlideCam sternum strap. Made with up to 87% recycled fabric*, it ensures durability and longevity with replaceable parts like the AWC and sternum strap.

FEATURES & BENEFITS

- Side or top main zone access for exceptional adaptability
- Large front stretch pocket for items like jackets
- Expandable side stretch pocket for a water bottle or tripod
- Webbing attach system to attach accessories
- Molded EVA back panel with perforation and ripple pattern for improved airflow
