

ProTactic Lite SLX III

INTRODUCTION

Adapt to Every Moment

The ProTactic Lite SLX III is a versatile sling or shoulder bag for photographers. It fits a mirrorless camera with lenses and includes dividers for smaller gear. It can be used alone or as an insert in ProTactic Lite backpacks.

Featuring MaxFit™ dividers, stretch pockets, a soft front pocket with key leash, and a zippered door pocket, it ensures optimal space use. A flat padded pocket on the back wall adds extra organization.

The adjustable shoulder strap allows for comfortable carry as a shoulder bag or crossbody sling. It can also be used as a waistpack with the ProTactic Utility Belt III.

Made with up to 87% recycled fabric*, it's designed for longevity with replaceable parts.
