

CINEPEER

CINEPEER CRANE 4E

Fully Equipped, 3 Weight
Reductions, 50% Effort Saved

What is CINEPEER?

ZHIYUN follows the principle of "simple names for better products." The affordable CINEPEER series is named with meaningful implications. "CINE" stands for "cinema" and "PEER" means "partner," highlighting its role as your companion in video creation.

ZHIYUN's products emphasize branding and innovation, leading to advanced designs and excellent craftsmanship, but their prices are relatively high. The CINEPEER series, however, maintains ZHIYUN's core performance with excellent quality and exceptional affordability. It meets the needs of more users, allowing more enthusiasts to experience the joy of easy creation.

Future Vision Of CINEPEER

We aim for every creator to create effortlessly, transforming technology from a barrier into a bridge for creativity. Our goal is for users to find joy and satisfaction in the creative process. By maintaining high-quality standards, we strive to meet the growing demands for creative production, ensuring that every captured moment is engaging and fun.

CINEPEER CRANE 4E

3 Weight Reductions, 50% Effort Saved

ZHIYUN's pioneering Sling Grip design redefines convenience, making filming truly effortless. Wrist Rest saves 25% effort, the 2nd-Gen Sling Grip 20% and the upgraded dual-handle 15%.

The innovative Sling Mode allows for length and direction adjustment of the grip, enabling seamless switching of shooting angles and a flexible dual-handle mode for versatile filming experiences.

The wrist rest design significantly reduces wrist fatigue and supports angle adjustment. The skin-friendly material provides a gentle touch for seamless and comfortable creation.

CINEPEER CRANE 4E

Powerful Payload for Cine-Cameras

Engineered with extended, robust arms and high-torque motors, CRANE 4E can support mainstream full-frame and compact cameras with ease, ensuring stable shooting in any scenario.

Canon C70
(CN-E50mm T1.3 FP X)

Nikon Z8
(Z 24-70mm F2.8)

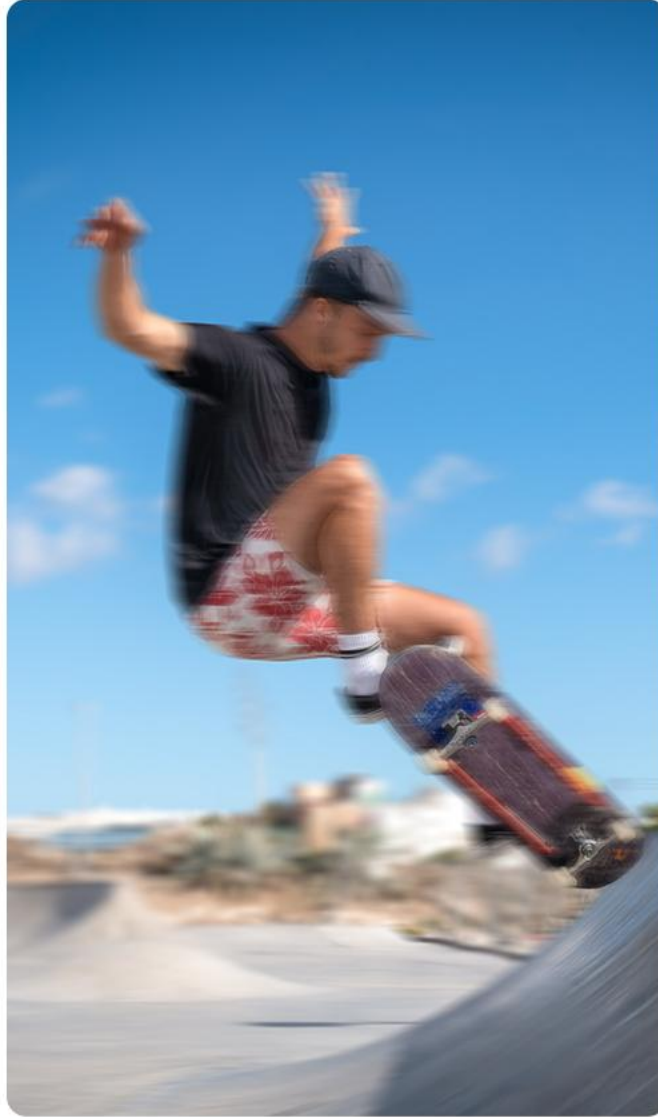

Lumix S1H
(S PRO 24-70mm F2.8)

Sony A7S3
(FE 24-70mm F2.8 GM)

CINEPEER CRANE 4E

No Gimbal

CINEPEER CRANE 4E

Advanced Algorithms for Cinematic Filming

Iterative Upgrades to Core Algorithms ensure smooth and stable filming even with large cameras, allowing for effortless shots.

CINEPEER CRANE 4E

Native Horizontal & Vertical Mount

Crane 4E features an integrated quick-release structure for effortless horizontal & vertical switches free from redundant accessories.

CINEPEER CRANE 4E

Professional Filming with Versatile Expansion

With an ultra-durable body and ample expansion space, CRANE 4E features an image transmission control port, focus/zoom control ports, and 1/4" screw holes for professional accessories to create masterful imagery with ease.

CINEPEER CRANE 4E

Bluetooth Shutter for Wireless Control

CRANE 4E supports Bluetooth shutter control to enable swift operation for capturing smooth and efficient shots.
