

2x Stronger¹ Voice Reduction

Liberty 5

1. Test results show that soundcore Liberty 5 improves noise reduction by 6.5 dB in the human voice frequency range (300Hz - 3kHz) compared to Liberty 4 NC, delivering twice the voice reduction performance. Liberty 5 significantly reduces, but does not entirely block human voices. 2. Calculated based on the recalibration frequency of the ANC algorithm, which is three times per second when no audio is playing. 3. Dolby, Dolby Audio, Pro Logic, and the double-D symbol are trademarks of Dolby Laboratories Licensing Corporation. Activate Dolby Audio via the soundcore app. The effect of Dolby Audio on music playback may vary depending on audio source quality and playback devices. Notes: Hi-Res Audio logo and Hi-Res Audio Wireless logo are registered trademarks or otherwise trademarks of Japan Audio Society. Update the soundcore app to the latest version for the best experience. LDAC enables the transmission of audio content at a maximum bitrate of 990kbps, three times the data transmission rate of the standard SBC codec at 328kbps. LDAC is only compatible with Android devices. You can turn on LDAC mode in the soundcore app. LDAC and LDAC logo are trademarks of Sony Corporation.

2x Stronger¹ Voice Reduction

Advanced ANC 3.0 technology and a purpose-built acoustic cavity target, dampen, and block human voices twice as effectively.

Adaptive ANC 3.0 for Seamless Silence

The Adaptive ANC 3.0 algorithm adjusts every 0.3² seconds to accommodate every subtle shift in your environment, safeguarding your tranquility at all times.

Immersive Dolby Audio

With industry-leading Dolby Audio and custom modes for music, movies, and podcasts, Liberty 5 puts you in the front seat of any performance.

Exceptional Sound Reproduction

We chose 9.2mm flexible wool paper diaphragms for pristine reproduction and dynamics of music. From now on, it's all rich mids and full-bodied treble with stunning clarity.

6-Mic AI Clear Calls

Six microphones and an AI-driven algorithm isolate your voice from ambient noise. Every call is crystal-clear as if you're talking face to face.
