

CAMERA STRAPS - CUFF

Black | Ash | Sage | Midnight | Coyote

Ultralight quick-connecting wrist strap for on-demand security

FEATURES

- Works with any size of camera, plus other devices like binoculars and rangefinders
- Ultra-minimalist, ultra-strong camera drop protection
- Fits almost all hand and wrist sizes
- Comfortably cinches on wrist for added security
- Adjuster locks in open position so wrist loop is easy to get in/out of
- Stows in your pocket or on your wrist
- Instant attachment/detachment via Anchor Link connection system
- Each Anchor holds 200lbs (90kg) of force
- Anchors have 2-layer anti-abrasion thermoplastic cords which indicate if they've sustained damage - and need replacement
- Connects to strap loops or bottom of camera body via Anchor Mount hardware
- Works with Peak Design tripod plates and many 3rd party plates & L-brackets
- 100% carbon neutral
- Guaranteed for life

MATERIALS

- Strap: Ash, Sage, and Midnight straps contain leather that is gold-rated by the Leather Working Group
- Black and Coyote straps contain Hypalon accents (vegan)
- Premium seatbelt-style nylon webbing, aluminum and glass-filled nylon hardware
- Coyote Cuff webbing contains 35% recycled nylon
