

CAMERA STRAPS - FORM ROPE

Long | Standard | Short | Neck

- Black
- Ocean
- Kelp

Form Rope is a fixed-length camera rope strap for gear minimalists seeking comfort, utility, and style in the simplest form.

FEATURES

- Wearable as cross-body, neck, or shoulder strap
- Custom braided nylon & polyester that has optimal balance of strength, comfort, and stretch. No visible seams or stitching for a sleek, integrated aesthetic
- Straps are strong enough for vast majority of camera setups, optimized for carrying smaller kits
- Updated v5 Anchors are visually simplified for cleaner look
- Quick-connection system is fast and secure
- Aluminum accessory loop for on-body strap stowage or single-point camera carry of point-and-shoots

COMPATIBILITY

Attaches to any camera with 1 or more strap loops/eyelets. Optimal comfort and fit with smaller mirrorless/DSLR kits with short lenses.

MATERIALS

- Rope: Nylon & polyester rope with custom-developed basket weave sheathing
- Hardware: Glass-reinforced nylon Anchor housings. CNC-machined anodized aluminum accessory loop.
- Anchors: Glass-reinforced nylon with multi-layer thermoplastic cord"
