

PRO TRIPOD

Black

The Peak Design Pro Tripod is the ultimate professional tripod: the strength and stability to carry heavy cameras and lenses and shoot pro-level content, yet packable enough to take on any adventure. Take your skillset to the highest level and into more demanding environments than ever before.

- PT-S-BK-1 Pro Tripod Black
- PT-T-BK-1 Pro Tall Tripod Black
- PT-L-BK-1 Pro Lite Tripod Black

FEATURES

- UNMATCHED PORTABILITY**
- Space-saving design, eliminates dead volume, and has anchor points for Peak Design camera straps (sold separately).
- PROFESSIONAL STABILITY WITHOUT THE BULK**
- Stable in demanding environments, supports heavy gear with impressive vibration damping and nonslip, shock-absorbing feet
- LIGHTNING-FAST SETUP AND PACK-DOWN**
- Quick-action leg locks enable fast deployment, while low/inverted modes allow ultra-low-angle shots.
- INTUITIVE PRO BALL HEAD WITH NEXT-LEVEL USABILITY**
- Smooth, omnidirectional control with instant camera locking, adjustable holding force, and built-in safety toggle—even with the column stowed.
- BRILLIANTLY INTEGRATED TOOLS**
- Magnetic hex tool and optional mobile mount (sold separately) stow neatly inside the center column for easy access.

MATERIALS

- Ballhead, hub, load hook, leg locks: CNC-machined & anodized 6061-T6 recycled aluminum (no die cast parts)
- Legs: 3K Weave Carbon Fiber (2x2 Twill)
- Center Column: 3K Weave Carbon Fiber (2x2 Twill)
- Hardware: Stainless Steel
- Feet: Non-slip Polyurethane

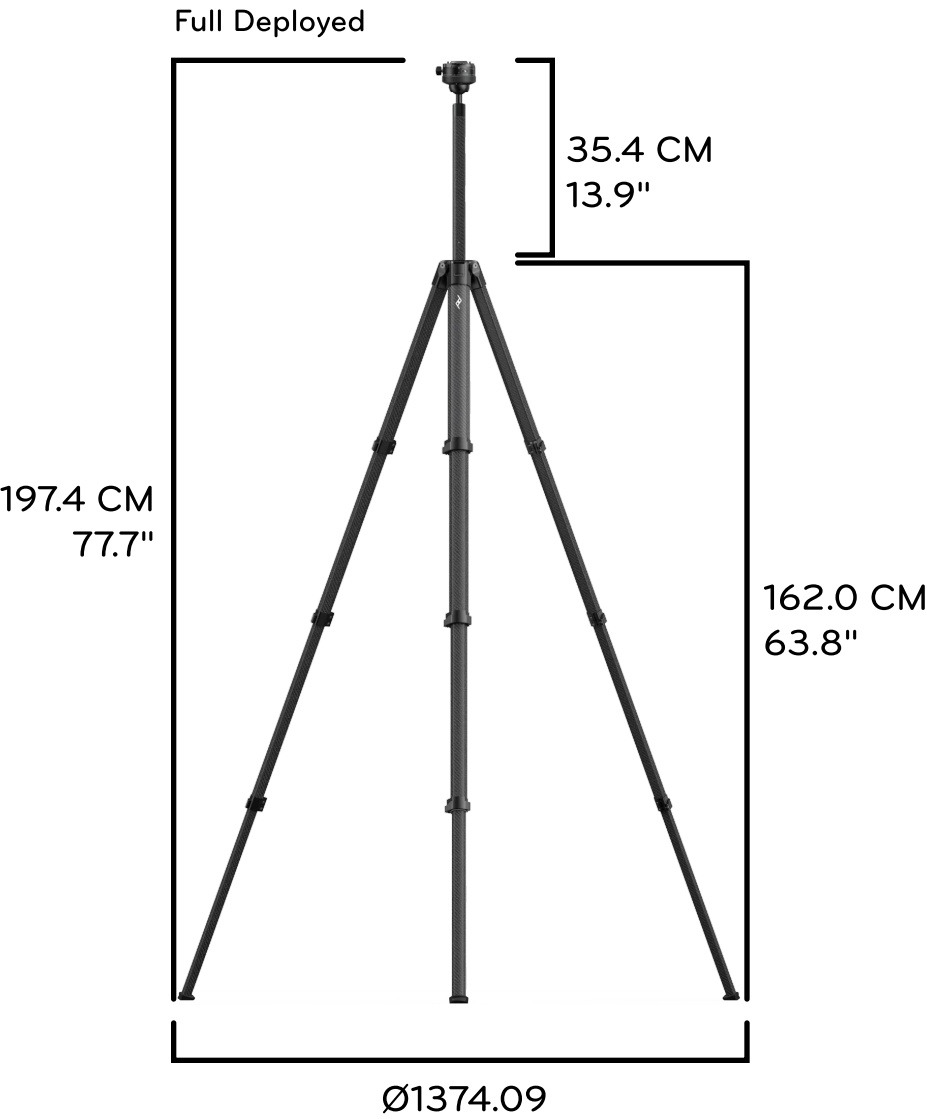

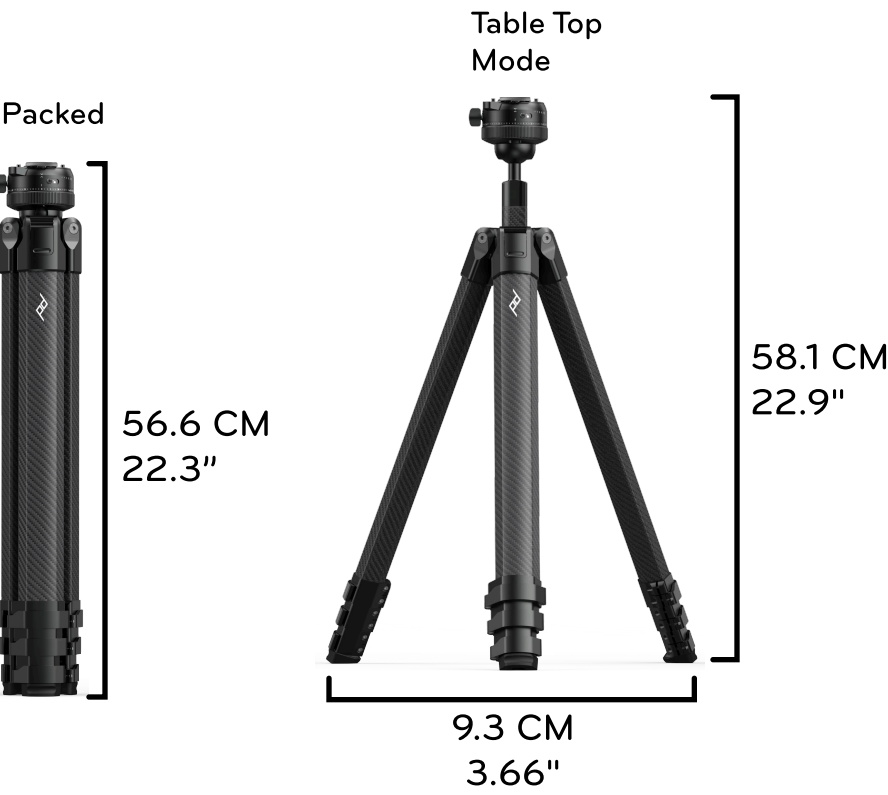

WHAT'S IN THE BOX

- 1x Tripod (legs + ball head)
- 1x Tripod Bag
- 1x Standard Plate
- 1x Hex Tool (4mm + 2.5mm hex wrench) / Load Hook (installed in center column)

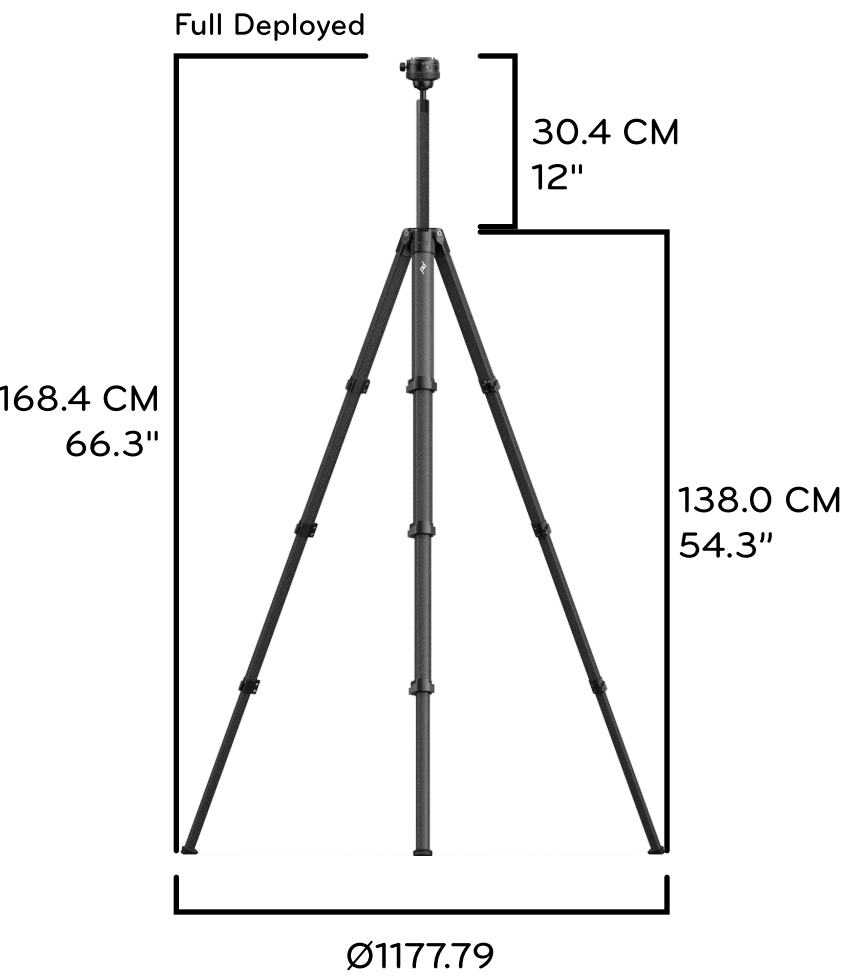

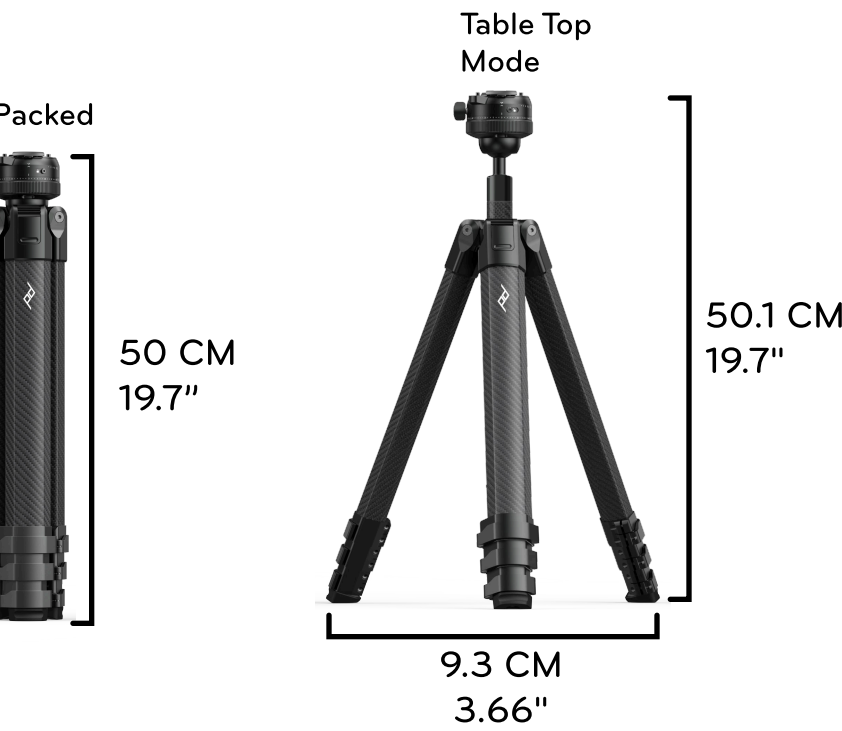

WEIGHT

- PRO TALL TRIPOD**
- 2.0kg (4.5lb)
- PRO TRIPOD**
- 1.9kg (4.2lb)
- PRO LITE TRIPOD**
- 1.7kg (3.7lb)

Pro Tripod VS. Travel Tripod

Primary Differences

- Pro Tripod has much stiffer, more stable and can hold a larger weight capacity (40 lb vs. 20 lb)
- Fully CNC-machined aluminum w/ recycled 6061-T6 aluminum (Travel Tripod has a few cast/powder-coated parts)
- A completely overhauled Pro Ball Head for Pro Tripod with feature & usability improvements including:
 - Integrated fluid panning
 - New quick-lock system grips camera faster & tighter
 - New cinch ring & tension gauge to quickly increase grip strength
 - New safety toggle for total security
 - An always-visible bubble level
 - 15 degrees of adjustment even when center column is fully stowed
- Leg lock levers, center column knob, & angle adjusters tuned for smoother, faster, stronger operation
- Redesigned carry sleeve with integrated strap
- Leg levers and sections are much easier to disassemble/reassemble for cleaning & maintenance
