

Snap+ Powerstation® Mini

15W magnetic powerstation containing a 5,000mAh battery

Features and Specs

- **15W Fast Magnetic Wireless Charging:** 15W magnetic charger ensures fast, efficient, and reliable power—no cables required.
- **20W USB-C PD Output Port:** Charge your devices or recharge your powerstation with the USB-C PD 20W output.
- **Charges 2 Devices at Once:** Charge up to two devices with the magnetic 15W wireless charger and USB-C port.
- **10.2mm Ultra-Slim Design:** This ultra-slim, compact power bank delivers powerful, on-the-go charging without the bulk—perfect for effortlessly slipping into your pocket or bag.
- **Contains a 5,000 mAh Internal Battery:** Snap+ Powerstation® Mini offers up to one full phone charge.¹
- **Magnetic Positioning:** The magnetic attachment feature enables the phone to be closely attached to the power bank, forming a seamless connection.
- **Charges Through Lightweight Cases:** Snap+ Powerstation® Mini can charge the phone through a thin phone case without having to remove the case.
- **2-Year Warranty:** We warrant these products against defects in materials and workmanship under normal use for a period of 2 Years, as applicable, from the date of retail purchase by the original end-user consumer.
