4-Stage Low-Frequency Noise Cancelling System

The enhanced system effectively blocks environmental noise, especially from jet engines.

Note: Based on an anthropometric database with 2,000+ scanned head profiles from testing in the soundcore Human Factors lab.

All-Day Comfort

Ergonomically refined for over 2,000 head profiles for a pressure-relieving fit. Enjoy fatigue-free comfort that lasts all day. Upgraded protein leather meets slow-rebound memory foam for a gentle, breathable fit.

LDAC

Hear Every Detail

Enjoy High-Resolution audio, wired or wireless. LDAC transmits 3x more data to preserve every detail on every leg of your journey. 40 mm double-layer diaphragm drivers bring crisper highs and deeper bass for an high-fidelity experience.
