

Action Series: Action Clamp + Locking Arm™

The off-body, vibration-resistant mounting solution for action video with Mount for GoPro®

Product Features & Benefits

- **Off-body POV:** Finally get a shot of you in the action! Secure your action camera on a variety of places— a kayak, car window, railing in skateboard park and so on – to get the most exciting footage possible.
- **Vibration-resistant:** The ultra-stabilized, sturdy and Locking Arm allows your camera to stay in position for long-duration shots. Now you can get steady and crisp action footage.
- **Variable adjustments:** The Locking Arm allows you to quickly position your action camera at various angles to frame the shots and get the most compelling footage.
