

slide

camera sling strap
 courroie en bandoulière
 pour appareil photo
 カメラスリングストラップ

the most versatile,
 low-profile, and
 stable camera
 strap in the world

Slide is padded and
 optimized for pro setups
 and larger cameras

wear in super stable sling style, or use as shoulder strap or neck strap

dual quick adjusters rapidly adapt strap to any carry-style or body type

sling style carry points weight of camera down for streamlined and stable camera carry

Anchor Links are universal, quick-connecting, strong and adaptable

unobtrusive internal pad never needs adjustment

silicone grip keeps strap stable when needed

tripod compatibility available with Peak Design Standard Plate, Dual Plate, and strap accessories

also works with Peak Design Pouches, Capture Clip and Tripods sold separately
