## THE ULTRA-STRONG USB-A CABLE WITH GREATER GRIP

### Slimmer yet stronger

25% thinner than previous Powerline Cables, constructed with quadruple bulletproof fiber cores to withstand up to 25, 000 bends.

### Greater Grip

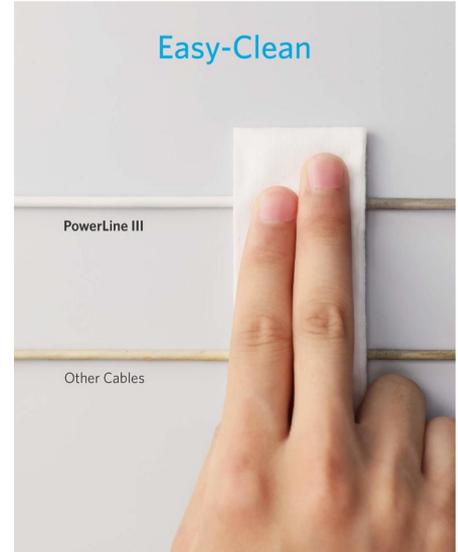

Textured grooves on the head of the cable provide improved grip for easier plug and pull.

### Anti-Dirt

The PowerLine III features a dirt resistant coating. The cable will always come out fresh even through the dirtiest jobs.

### Compatible with Power Delivery

A maximum output of 60W allows for high-speed charging to a wide range of devices

Cable Length	Bend Lifespan	Power Transfer	Data Transfer	MSRP	Cost	Margin
1ft / 3ft / 6ft / 10ft	25000+	20V = 3A	480Mbps
