

JOBY GripTight™ 360 Phone Mount

Clever & Versatile Phone Mount JB01730-BWW

JOBY®
Sell Sheet

The GripTight™ 360 Phone Mount is the latest addition to the GripTight Family. Designed completely in-house, this is a super functional mount which attaches to any support via 1/4-20" thread.

The jaws are wide enough to fit phones up to 8.8cm and with some added depth there is space for a slim case to also be fitted.

With full rotation within the mount also possible, swapping between vertical stories and horizontal pics has never been so simple. We also added cold shoe attachment points on each end of the mount, so adding lights and mics is now an option for every level of creator.

Designed For: Smartphones (6.7-8.8cm)

Connection: 1/4-20" female thread

Materials: Plastic, Rubber, Steel

Colour: Black

Product Weight: 6g

Product Dimensions: 13.6 x 4.0 x 2.4cm

Manufacture Warranty: One Year Warranty
