Target group

The Kores K-Liner is ideal for children and students who like to draw and sketch in school or at home, as well as for office employees who use them for taking notes. The 0.4mm line width enables precise drawing, while the metal-enclosed tip provides strength and durability. This makes the K-Liner suitable for technical and graphic drawings as well as small intricate patterns.

The sets include either 12 or 24 vibrant colours. Ideal for everyday use in a school or office environment, K-Liners make taking notes, journaling, colouring, illustrating or writing full texts enjoyably colourful.

Channel

The product is available in clear plastic cases à 12/24 pieces, which is ideal for B2B, Retail and Chains.
