

## Adventura III

### INTRODUCTION

**Everyday. Everywhere.**

Lowepro's popular Adventura collection has been updated with Lowepro Green line, which means it's now made of recycled and solution dyed fabric. On this occasion the collection also has been updated to fit the latest cameras perfect.

The brand-new Adventura III is always ready for wherever your next adventure takes you, delivering protection and compactness for the hobbyist photographer. The Adventura series, with its lightweight and rugged design filled with practical features, is ideal for novice and enthusiast mirrorless users.

LP37449-PWW	Adventura CS 20 III	8024221723489	719821476580	0,07 kg	10 x 5 x 15 cm	

### USPs

Updated sizes for mirrorless cameras.

Made from Recycled and solution dyed fabrics.

Consumer's valuable start with Lowepro.

Consolidated single collection dedicated to novice and enthusiast mirrorless users.

It replaces the old Adventura collection, but also the Lowepro Hatchbacks.

### FEATURES & BENEFITS

Sustainability is our top priority: 79 - 88% green line fabrics are used. Composition out of approximately 60% recycled material and 20% Solution Dyed Fabric.

Recycled exterior fabric with PU lamination provides waterproofing and extra protection from the elements (Also used on Lowepro Fastpack, Flipside, and Slingshot).

Dope dyed blacks and recycled linings / webbings reduces water and CO2.

Updated PVC-free molded bumpers.

**Up to 88%  
Green Line fabrics**
