

INTRODUCTION

The Trekker Lite collection is the top choice for travel photography adventures.

Trekker Lite is designed to combine two passions: A love for travelling and a love for photography. The collection includes two backpacks, 250 and 150, a brand-new sling style bag, and a hip pack. Available in two colours: black and black/grey.

We've designed them from the beginning to be the perfect travel photography bag. From the soft structure, to the modular inserts, the bags offer a variety of configurations to suit your travel adventures!
