

Photo 3-in-1 – NGPM002

The National Geographic Photo 3-in-1 is a lightweight and easy-to-use all in one solution, for beginner photographers and videographers. Whether you need a stand-alone monopod, a monopod with a sturdy tripod base, or compact tabletop tripod, the Photo 3-in-1 can do it all!

Featuring a soft foam grip for extra comfort, and a removable rubber foot when using in the monopod configuration, you can stay steady on almost any surface.

With a weight capacity of up to 2.5kg, you can pick and choose your camera equipment with ease or shoot with your smartphone by using the included smartphone clamp.

Take advantage of the smooth 3-way head, and durable aluminum body, with a total weight of just 860g. Bring the 3-in-1 on all your adventures with the included carry case.

Ideal for tricky overhead shooting - Record your footage over the crowds with an impressive maximum height of 189.5cm!

Carry case & smartphone clamp included
