

# JOBY® Swing™

Innovative App-Driven Portable Electronic Slider  
JB01642-BWW / JB01662-BWW / JB01663-BWW

The JOBY Swing brings easy-to-use slider linear motion control to smartphone creators, allowing for moving timelapses and unique videos. Simple and easy to use, the Swing is controlled via the dedicated JOBY Motion app on iOS or Android devices.

Designed as part of the JOBY ecosystem, the Swing pairs perfectly with the BallHead 1K and GripTight™ ONE Mount (available kitted in the Swing Phone Mount Kit) and gives 38cm of travel distance for a serious upgrade to smartphone content.

The Swing mounts via ¼-20" on GorillaPod® or RangePod™ supports, and is available in a Swing Complete Kit bundle, containing the BallHead 1K, GripTight™ ONE Mount, and GorillaPod 3K Stand. Easy charging via supplied USB-C cable.
