SMOOTH 5S

Tell Better Stories

-Pro Smartphone Stabilizer-

ZHIYUN

SMOOTH 5S makes your one-man crew.

Upgraded with a powerful built-in fill light, in addition to the two modular magnetic ones, providing an integrated yet simplified filmmaking experience for everyone. With the simplest devices, you can create inspiring content on your own.

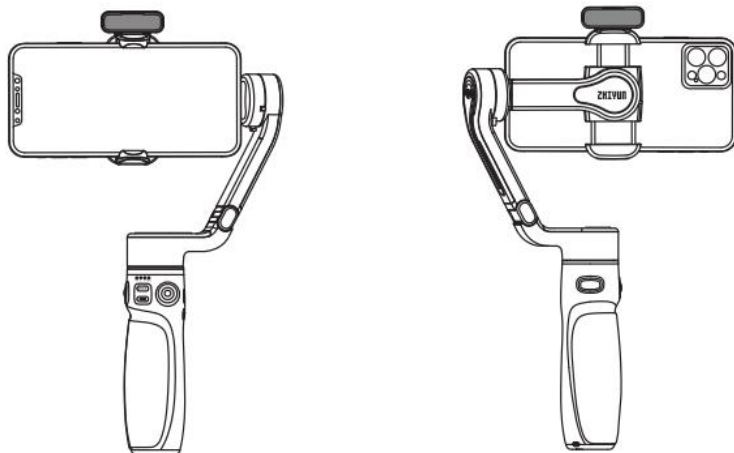

Pro Three-Axis Design

The professional 3-axis design
brings you more possibilities with greater vision.

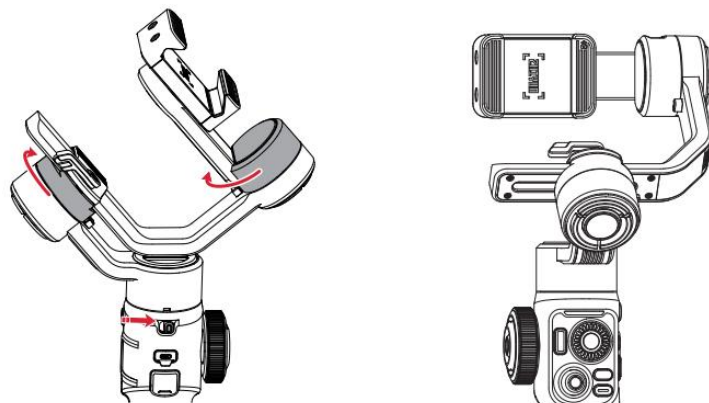

The wider space between each axis facilitate extreme-angle shootings,
allowing you to make cinematic footage without limit.

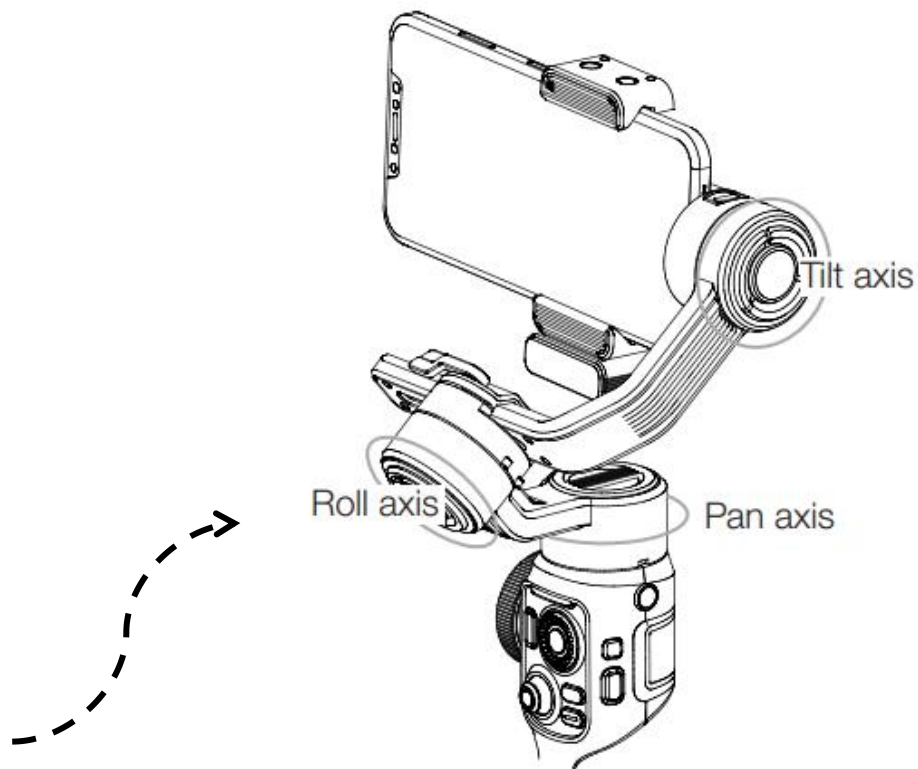

SMOOTH-Q4

(limited on tilt & roll axis)

SMOOTH 5S

(free movements on all axes)

Pro 3-Axis Design

(allows camera movements from all angles without limit)

ZHIYUN

Sturdy Motor Performance

The magnetic steel motors with upgraded algorithm firmly power up phones with large size.

The wider phone clamp supports external lens option for your next-level creation.

Intuitive Panel Control

Allow you to adjust parameters smoothly at your fingertip.

Visible shooting modes combining with a round-cap joystick get you ready in an instant for an effortless single-hand shoot.

The Zhiyun logo is a red square with the word "ZHIYUN" in white, bold, sans-serif capital letters.

ZHIYUN

Robust Runtime

Getting a 100% power-up gimbal only takes 2 hours via PD fast charging.

A maximum of 25 hour guarantees you a non-stop creation.

A Zhiyun gimbal is shown in the background, held by a hand. It features a camera mounted on top, and two bright, rectangular fill lights are visible on the sides of the camera housing, one above and one below the lens. The lights are illuminated, casting a soft glow. The Zhiyun logo is visible on the camera housing.

ZHIYUN

Shine Brighter

- (1) Provide **a new built-in fill light** with 5000K color temperature, 90+ CRI, and 2W rated power.
- (2) The 300-lumen magnetic fill lights enable 360° all-round lighting in the maximum of 15 square meters. Multiple filters and hue adjustment are provided.

Color Temperature: 5000K CRI: 90+

* Fill lights are not included in the standard version.

ZY CAMI

AI Shooting Templates

ZY Cami APP offers you loads of templates to help create your masterpiece effortlessly. StaCam APP allows you to adjust more pro parameters directly on the gimbal, giving your ability a natural level up.

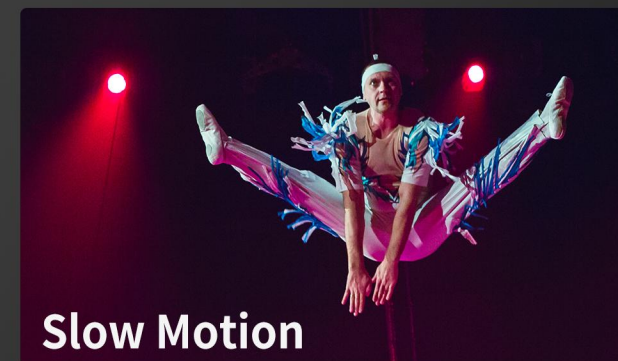

The background image shows a woman with curly hair in a blue floral dress dancing in a dimly lit club. A white rectangular tracking box with green L-shaped corner markers is positioned around her. A green circle with a white 'X' is at the top right corner of the box. In the top left corner, there is a red square logo with the text 'ZHIYUN'. In the top right corner, there is a logo with two overlapping circles (one blue, one purple) and the text 'ZY CAM'.
