## Efficient Creativity

With WEEBILL 3S, we offer a lighter and more efficient creation environment, empowering creators to bring their artistic visions to life. Together, we can make the world more beautiful, one picture at a time.

## FEATURES

### Powerful Compatibility

The gimbal is compatible with most DSLR and mirrorless cameras on the market, as well as mainstream lenses.

\*For more details on the compatibility, please visit the official website.

### Revolutionary Portrait Switch

Switch between portrait/landscape mode directly on the quick-release module, saving you time on the setup.

\*For supported cameras and lenses, please refer to the compatibility list.

### Wireless. Hassle less.

Supports Bluetooth shutter control with mainstream camera models to wirelessly start/stop recording or trigger photo-taking functions.

### More than Just a Sling Grip

The extendable sling grip can be adjusted to a two-handed grip mode. Shoot more effortlessly also by adjusting the grip to different angles.

### 1000 Lux Fill Light

Light and shadow texture enhanced right away. With the Lumen Amplifier technology, the fill light delivers a peak illuminance of 1000Lux.
