JOBY®
Sell Sheet

The JOBY Compact Action Tripod is a fully featured powerhouse in the range.

The Compact Action Tripod actually features the same QR plate as the genre defining BallHead 3K which is found on the GorillaPod 3K Kit. The World of JOBY is now in a full size package. Swapping between supports has never been easier. The kit is also available with a unique rotating phone clamp, which features cold shoe mounts on both ends.

The pistol grip is both ergonomic and intuitive and features photo and movie settings. With a weight capacity of 1.5kg, this killer tripod also has super fast level leg locks on it's legs. The dream has become a reality.
