

# The enhanced RunAbout

84% of the materials are 100% recycled

## Revamped anatomy

The side shock cord is more flexible and movable to front while the phone pocket is moved to outside for an easier reach

## Range endless combinations

Compatibility with the GearUp inserts family – From the creator Box M to the Camera Box XL

## Accessibility

New simplified top lid's hook closure will ensure faster and easier access to the main compartment

## Beyond modularity

When packed, the RunAbout can be used as well as an emergency backpack in combination with both Photosport X and Photosport Pro
