Designed by the award-winning Peak Design softgoods team, the Slim Wallet and Stand Wallet use a unique fabric patterning and construction to securely hold 7 cards and deploy them on-demand for easy access. Precision-tuned magnets keep the wallet securely mounted to your phone for streamlined daily carry.

The Stand Wallet has an additional low-profile friction hinge built-in to its construction, providing an on-demand stand for watching videos or calling friends. Never lean your phone against a coffee mug again.
