# WEARING

## Without Detachable Neckband (Daily Use):

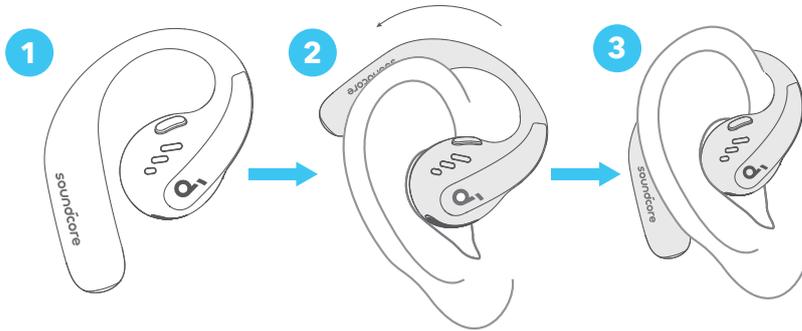

Pick up the earbuds from the charging case, then rotate the earhooks along the auricles of your ears to achieve proper positioning.

## With Detachable Neckband (During Workout):

1. Adjust the detachable neckband to an appropriate length.
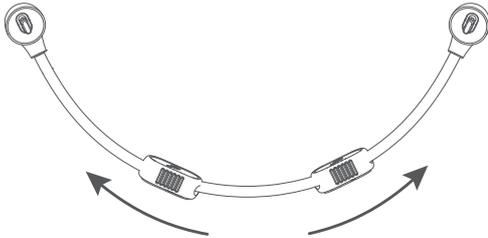

2. Snap the earbuds onto the detachable neckband. Make sure the orientation is correct by aligning the marks on the earbuds and detachable neckband.
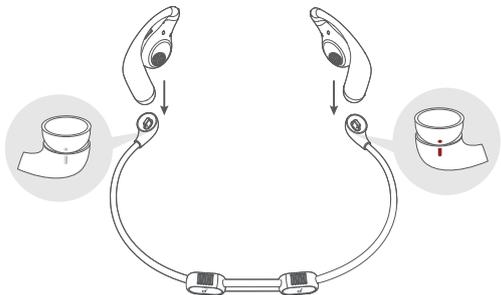

3. Put on the detachable neckband behind your neck, and position the earhooks on your ears.
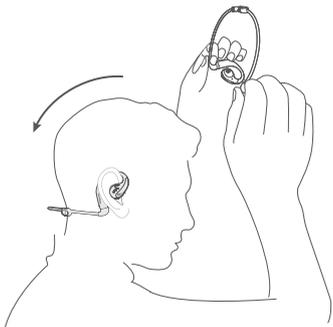

# CHARGING

Remember to tear off the insulation stickers on the earbuds before first use.

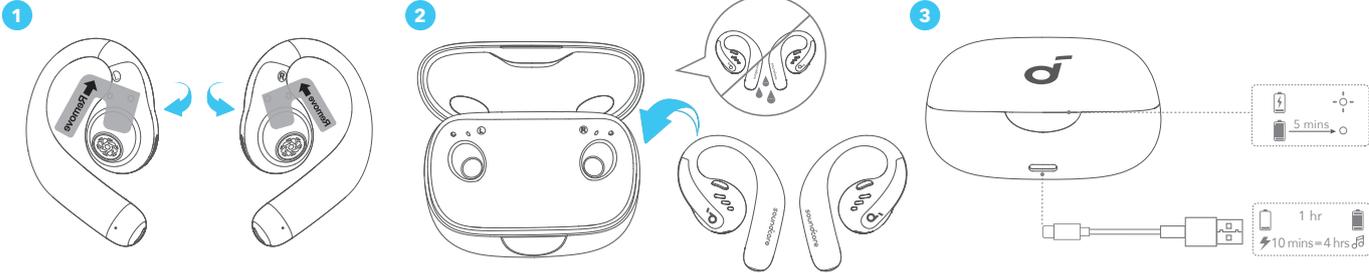

1. Place the earbuds in the charging case and close it.
• Fully dry off the earbuds and the USB-C charging port before charging.

**Low Battery Indication**
Earbuds: You will hear a voice prompt of battery running low.
Charging case: The LED light strip glows in red.

# POWERING ON & OFF
## With the Charging Case:

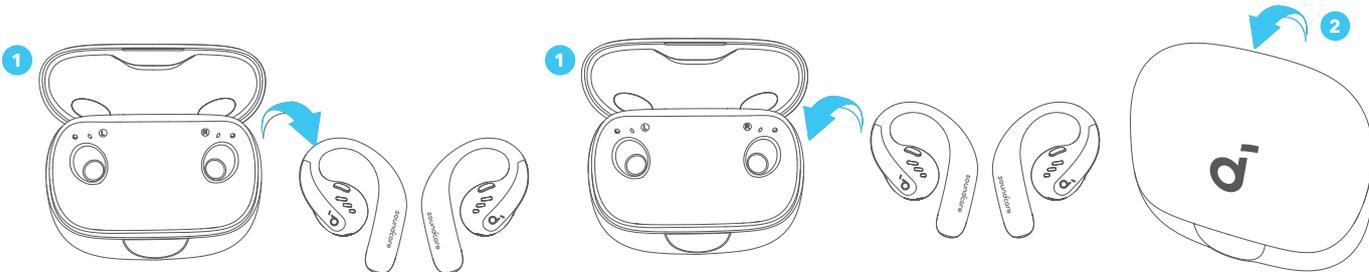

Press to open the charging case, the earbuds will automatically power on. To power off, return the earbuds to the charging case and close it.

# Without the Charging Case:

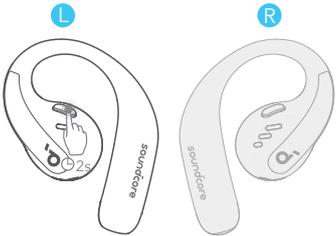

To power on a single earbud, press and hold the button of the corresponding earbud for 2 seconds.
To power off both earbuds, press and hold the button of the left or right earbud for 2 seconds.

> The earbuds will automatically power off after 30 minutes if they are not connected.
> The duration can be customized in the soundcore app.

# PAIRING

PAIRING

CONNECTED  O 1s · 1s
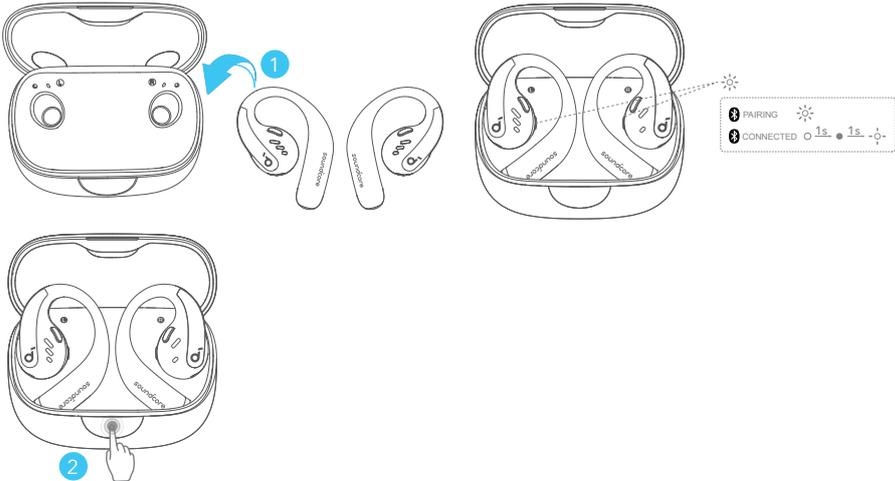

After removing the insulation stickers on the earbuds, return earbuds to the charging case, then press the button to activate Bluetooth pairing. Also, you can pair by closing and reopening the case lid once the earbuds are back in the case. The earbuds will automatically enter Bluetooth pairing mode when connecting for the first time. Select **"soundcore AeroFit Pro"** on your device's Bluetooth list to connect.

When pairing, the LED indicators inside the charging case will start flashing quickly. After the pairing is successful, the LED indicators inside the charging case will stay on for 1 second and go off. Then, they will start flashing slowly.

Once connected successfully, they'll automatically reconnect to your device every time you open the charging case, as long as you haven't deleted the pairing history from your device.

## Manual Pairing

To connect to your device when the earbuds are turned off, press and hold the button on either earbud for 5 seconds to enter Bluetooth pairing mode.
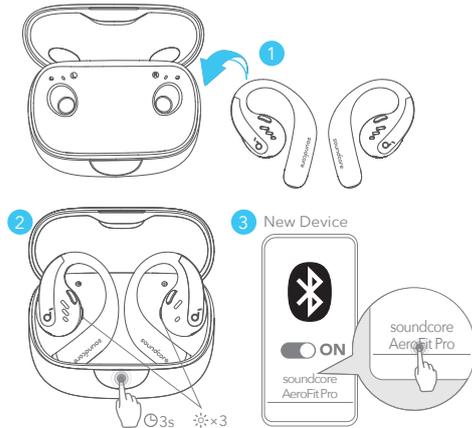

If you want to connect the earbuds to a new device in subsequent use, please follow the steps below:
1. Place the earbuds back into the charging case;
2. Press down the button on the charging case and hold for 3 seconds until the LED indicators inside the case flash three times;
3. Select **"soundcore AeroFit Pro"** on your new device's Bluetooth list to connect.

# DUAL CONNECTIONS

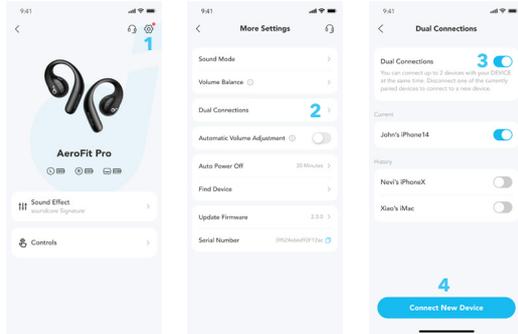

To connect the earbuds with two Bluetooth devices at the same time, open the soundcore app, go to settings and select **Dual Connections > Enable Dual Connections > Connect New Device.**

*This feature is turned off by default.
