The GripTight PRO 3 GorillaPod is a mobile Vlogging tripod designed to help **professional content creators** to record epic **Vlogging** contents and grow their channel in no time.

The base of this kit, the mighty GorillaPod® 1K Stand allows you to get the best possible shooting angles for your daily vlog. Can be setup in 3 modes: **Grip It, Wrap It or Stand It**, all will save you a lot of time during your hectic shooting day.

The included GripTight™ PRO 3 Mount securely mounts your phone with its easy to use yet secure **pinch to lock clamp**, so you won't miss any critical moment of life for your contents. The clamp **rotates 360 degrees** with 8 stop positions allowing you to set your phone in the best possible angles.

You can level and frame your shots easily with the built-in **mini metal ball head** on the bottom part of the mount. When situation requires, add an external microphone and/or LED light to the **2 cold shoes** on the clamp for better audio and picture quality. The two 1/4"-20 threads on the body give you extra mounting options for additional accessories through the optional GorillaPod Arms.

Built with solid **glass-filled nylon** and high-grade ABS plastic, the GripTight PRO 3 GorillaPod is your professional choice of tripod for your phone in any condition, from in house to outdoor thanks to its versatility and durability.
